The quality center of automotive association in Germany VDA QMC has established a worldwide network of VDA QMC licensees to support the automotive industry in all relevant regions with trainings and qualifications according to the VDA standards.

TQM Slovakia s.r.o. is our official licensee partner to support the region Slovakia with trainings and qualifications. TQM will offer the automotive industry the opportunity to receive VDA trainings and qualification in the high level quality of VDA QMC in the regional language conducted by registered trainers and examiners.

We are convinced that the circumstance to support the automotive industry in the region Slovakia by original VDA trainings and qualifications will help to increase competence and performance of the whole supply chain as well as strengthen the position of the automotive industry in the region Slovakia.
